ACCOMMODATIONS OF TEACHERS

One County Seat Hotel Has One Hundred of Them and the Hotel Has Been Turned Into a Big Home Notes of the Institute.

Special to The Courier.
Uniontown, Dec. 12.—The Courier some days ago said that with one exception the hotels of Uniontown did not seem especially anxious to take school teachers who attend the institute. It was the Hotel Exchange that was referred to and the management has shown that at least one hotel has featured the bright-faced school marm and the sterner instructors of the other sex. The register of the Exchange today shows an even 100 school teachers of the county signed up—the largest number accommodated by one house in the local history of county institutes.

Under the skillful management of Proprietor C. W. Johnston and his able corps of assistants the hotel atmosphere has died away to a certain extent and the Exchange so the general clerk A. C. Johnston says has more the character of a big old hotel than anything else. This will be more evident Wednesday evening when the large dining hall will be thrown open and the bright waiters will be given a chance to give the light faints to enough to hold them for the remainder of the current school term. That what they are looking forward to at least and the management of the School Marm's Home says they will not be disappointed.

County Superintendent Carroll made no mistake when he selected among his other entertainers Carmin's Italian Boys. Like a reflection of Sunny Italy they flitted on and off the stage their exquisite music symbolizing the tinkle of the mandolin and the throes of the harp that beguile the summer evenings in Rome and Naples. Nameless were the soloists on the harp and flute—the girls who were willing to get their share of applause and get their share of laurels. But the audience was an appreciative one and not one of the brilliant numbers went begging for applause. Elbert Polard's reader gave some very laughable impersonations in his happy vein.

Miss Jessie Boyd of Vanderbilt became seriously ill during the entertainment last night and was taken to her hotel in a cab. She is much improved, today however and will be able to stay throughout the week unless she gets ill again.

Miss Martha Rowan of Vanderbilt dropped a purse either on the streets of Uniontown yesterday or on the floor of the opera house. Besides enough money to carry any teacher down the week and buy Christmas gifts for the whole circle there were other papers of personal value. The little alias of Miss Rowan will appear in the favor if the purse is returned to her and will reward the finder.

The genesis of the teachers' to the county capital made crowded streets cars for quite a while Monday in the management of the Uniontown end of the West Penn. As the active personality of Division Superintendent Charles E. Wolf is busy needed an attack of illness with strong symptoms of pneumonia has kept him hoarse for the past several days and today he was removed to his home in McKeesport. The general public goes as with every West Penn man in hoping that Charles will get out soon and that his illness will not be very serious.

The Opening Session.
The devoted services of the first session of the institute were carried on by Dr. H. P. King. He offered an excellent petition for the success of the institute and the success of the superintendent and the success of the personality of the gentleman was one of solemnity and as a beginning of the institute had its effect in the throes.

Dr. Arval H. Yetter fully sustained the expectation he caused last year by his direction of the music. His contribution was a sublime and itself—some of the quite indispensable in our essays to entertain as well as instruct a body of intelligent teachers sitting up on the seriousness and drudgery of teaching for a week.

Dr. Charles C. Ellis of West Penn College University discussed Our Problem. The social connection of the pupil as spoken of the end was thought of as a being who was physically and academically who exert a great influence on him. The inspiration that teachers feel from coming together in this way and in intellectual and carrying that inspiration back to the pupils is the greatest and best result of institutes.

Dr. C. Melvin of Allegheny City entertained with a violin solo. He too was at the institute last year and

A FINE HOME TALENT PLAY.

Bright Local and Personal Chat and Brief Paragraphs Picked Up by The Courier's Correspondent in the Furnace Town.

Dunbar, Dec. 13.—The Fayette County Court House at Uniontown is fitted up with fine toilet rooms both from a sanitary point of view and convenience, but when the ones now being placed in the Dunbar House are completed the proprietor, Howard Minard, thinks that it will far surpass those at the county capital. From present indications it is at least evident that the patrons of the house are being looked after by Mr. Minard and he is sparing no money or time to make everything convenient and up-to-date. The improvements are being made by John D. Carr of Uniontown.

The St. Aloysius Dramatic Club of Dunbar is hard at work preparing for the production of the beautiful comedy drama entitled "Hazel Kirke" which they will present in their hall on next Tuesday and Wednesday evenings. The club is under the able direction of Alfred H. Hampton, who will be ably assisted by J. A. Cartwright of this place, who is now at work painting the special scenery for the production. The play is full of many special features which tend to make it the finest piece of home talent work ever presented here. The scene of "The Old Mill," Dunstan Kirke's home and the great "Storm Scene" are worth seeing, even if you were not permitted to see the rest of the entertainment.

A Great Uplift in Individual Credit on Holiday Gifts.

The whole business world operates on credit. Why shouldn't the individual? The average man can't possibly pay cash for everything he wants. What right, therefore, has the merchant to make borrowing any harder for his customer than the banks make it for him. A study of the subject reveals the fact that credit on commodities is a national necessity. We do not only proceed upon that basis of belief, but we make our credit system clean, comfortable, dignified and desirable. Ours is not the old plan that made life a burden to buyers. It has experienced an uplift and it is accorded for the good it will accomplish—not only for you but for us. Our idea of giving credit on goods intended for **Holiday Gifts** is another innovation for public convenience and indicates our desire for a better, broader and more liberal co-operation. No one need be ashamed of it. Certainly we are not.

STOCKS DROP LOWER.

The Sensational Predictions of Thos. W. Lawson Are Being Fulfilled.

DEMORALIZATION IN WALL ST.

Aggressive Bears Find Weak Places With Unerring Instinct and Recessions Follow All Along the Line. Cheap Money Not a Factor.

New York, Dec. 13.—Beginning with heavy declines in Amalgamated Copper, the stock market was weak throughout the entire session, the occasional rallies failing to hold prices for more than a few minutes at a time. Although values crumbled away rapidly, there was little excitement in the street.

Brokers seemed to have nothing but selling orders, they said, and they did not look beyond that fact, the recent reckless speculation and the campaign by newspaper advertisement against a copper stock to find reasons for the drop in prices. Money was easy and loans were made freely, but collateral was scrutinized very carefully. The market closed weak with prices generally at the lowest. More than 2,000,000 shares of stock changed hands during the day.

The dire predictions of Thomas W. Lawson of Boston, of which the morning papers published broadsides, fell on a market still fundamentally weak from the strain to which it had been subjected last week. Again the Boston speculator seized the psychological moment to belabor forth his fulminations of disaster, and the market was in receptive mood.

Pools and speculative cliques which had been disorganized and sustained severe losses in the breaks of last week had also prepared to lighten their loads, while the bear element, which had been so repeatedly beaten in the past, became more aggressive.

The selling was continued nearly all the forenoon with only a temporary reaction, and about noon the market showed further weakness. An impressive feature of the forenoon was the heavy selling by London houses. The sales of London houses were the largest in the steel stocks. There was evidently a good supply of stop loss orders on hand, but the shorts did not fare much worse than some others.

The violence of the opening declines was so great and so pronounced that many brokers and traders on the floor were overwhelmed with surprise and for a little while were quite nonplussed. Any market support that may have existed was without the slightest effect.

One of the most sensational breaks was in Greene Consolidated Copper on the curb. It had been selling around 34 early in the day, and had declined only nominally. In the afternoon the stock broke nearly 10 points to 22. Ten points in Greene Copper is the full par value of \$10.

Drouth Deprives Ohio Valley of Usual Coal Supply.

Cincinnati, Dec. 13.—The Ohio river at Cincinnati is lower than in any December in 42 years, and according to Weather Bureau Bessler the conditions are not likely soon to improve, so that the coal situation is becoming daily more acute.

Shortage of coal cars is said to be delaying shipments by rail, which would under any circumstances be insufficient to supply local demands, and several leading coal men express a fear that a coal famine is imminent. No coal has been received by river for several months.

Senate Discusses Proposed Law to Stop Adulteration of Drugs.

Washington, Dec. 13.—The senate had under consideration the pure food and Philippine government bills. Debate on the former was confined to calling attention to the inadequacy of the protection accorded the people against impure foods and drugs.

The discussion of the Philippine bill related solely to the question of the guarantee by the Philippine government of the interest on bonds of railroads in those islands. Mr. Spooner of Wisconsin leading in the criticism. The suggestion was made by Mr. Newlands of Nevada that the Philippine government should construct the system of railroads proposed. The debate brought out the first reference in the senate this session to Judge Parker's views of the Philippine question, caused by Mr. Newlands quoting from certain utterances of William J. Bryan and President Roosevelt. Mr. Foraker inquired why he had ignored Judge Parker, and Mr. Newlands replied that Mr. Bryan for eight years stood as the leader of the Democratic party.

The house transacted quite a large amount of miscellaneous business, starting with pension bills and considering the Hill financial bill later in the day. A number of bills of local character were passed and an adjournment was forced for lack of a quorum when an attempt was made to pass the joint resolution granting the use of the Washington monument lot for the American railway appliance exhibition.

The bill transferring the forest reserves from the department of the interior to the agricultural department was passed.

ELIJAH PAYS HIS DEBTS.

Zion City Keeps Promise to Creditors Made Last Year.

Chicago, Dec. 13.—Zion City has paid the final installment on the big debt which a year ago involved it in sensational bankruptcy proceedings, and threatened to wreck the gigantic enterprise established by John D. Rockefeller. Checks have been sent out in payment of the final 40 per cent of the original indebtedness of more than \$400,000.

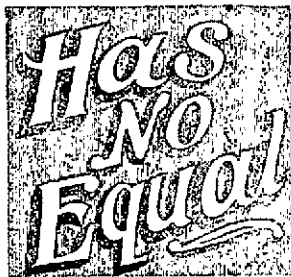

One year ago a number of creditors of Zion City petitioned for the appointment of receivers for the Zion institution. At that moment affairs had an exceedingly gloomy outlook. Mrs. Dove was in Europe, and reports had it that she had carried away vast sums of money. John Alexander Dove was preparing for the departure for Australia. The creditors numbered 1,100, and the aggregate amount of their claims footed up \$433,000.

Judge Kohlman appointed receivers and they took charge of Zion. Dove protested that he could pay the debt in a year if the receivers were removed. Then the creditors came to the conclusion that he was better fitted to conduct the affairs of Zion than any other person.

It was arranged that he was to pay 10 per cent in three months, 25 per cent in six months, another 25 per cent in nine months, and the balance of 40 per cent in a year. Dove has kept his agreement to the letter.

Drowned While Duck Hunting. Wilmington, N. C., Dec. 13.—A searching party sent out by the Knights of Pythias, to which order one of the drowned men belonged, recovered the bodies of Attorney John H. Gere and John Brewer, of Franklin, Va., who were drowned in the storm while duck hunting in the marshes of Cape Fear river.

Shot on His Way to Work. Chambersburg, W. Va., Dec. 13.—Late Parker, 18, was shot near Parkersburg by a man named Doid, who, mistaking him for a way to work, drew a revolver and fired five times. Each shot took effect.
